

Vice Head Girl
Dhrati Tewari

I have grown within the walls of this school we call jaipuria, within the walls of this place that I PERSONALLY would like to call my home. Little middle school dhrati who scarcely spoke in class or participated in absolutely nothing because she was too scared to would've never even imagined she would get this privileged opportunity to address all of you as the vice head girl.

Vande mataram everyone, as I, Dhrati Tewari, stand here in gratitude, bestowed with this honour of being the vice head girl, I would like to give the biggest thanks to our principal, ma'am Promini Chopra, Vidhyarthi Sir, Deepa ma'am, Pandey sir and all the other school heads for trusting me with this responsibility. I am also immensely grateful to all the teachers of seth mr jaipuria school because all of you have taught me great life lessons and have influenced my life for the better. I would also like to thank all the aaya didis and bhaiyas who've helped me grow. And it would be greatly amiss of me if I do not mention my family and friends, who have been my most concrete support in life.

I remember when the council was announced on March 21st I went on the stage and the first few words I said to zoya there were "ohmygod, this is a dream." and trust me, it really REALLY is. It's a dream, an honour and a privilege that I hold VERY close to my heart now. But more than that, it is A RESPONSIBILITY. It's a sense of duty that comes with this badge and on that note, I would like to advise all the newly appointed council members of the batch 2024-2025 to abide by their duties and obligations and eventually guide others and yourselves from ignorance to knowledge THROUGH conscious transformation, which is perhaps the ideology of our school.

Lastly I would like to say that all of us face hundreds of hurdles in our school life but in the end when there is less than a year left and you're standing on this podium realising how you have spent almost 14 years of your life in this very place, you realise how all you want is for time to stop and for yourself to be called a jaipurian student. Always.
